- (e) Based upon the bond market conditions at the date of adoption of this Order, the maximum interest rate for any series of the bonds is estimated to be 3.00% as calculated in accordance with applicable law. Such estimate takes into account a number of factors, including the maturity schedule and the expected bond ratings of the proposed bonds. Such estimated maximum interest rate is provided as a matter of information, but is not a limitation on the interest rate at which the bonds, or any series thereof, may be sold.
- (f) If the bonds are approved, they may be issued in one or more series to mature over a specified number of years not exceeding the maximum number of years authorized by law, as prescribed by applicable Texas law, although the District estimates that, based on current bond market conditions, such bonds will amortize over a 30 year period from their respective date of issue.

FOR _____) THE ISSUANCE OF \$11,200,000 OF BONDS BY THE HOOKS

Estimated Debt Service Information:

The following table sets forth the estimated principal amount of, and interest due to maturity on, the bonds to be issued if Proposition A passes, and all existing outstanding obligations of the District secured by and payable from ad valorem taxes.

Principal Amount of Bonds to be authorized under Proposition A	Estimated interest for Bonds to be authorized under Proposition A ⁽¹⁾	Estimated combined principal and interest required to pay on time and in full the Bonds to be authorized under Proposition A ⁽¹⁾	Principal of District's Existing Outstanding Debt (as of 7/26/21)	Remaining interest on District's Existing Outstanding Debt (as of 7/26/21)	Combined Principal and Interest to timely pay District's Existing Outstanding Debt (as of 7/26/21)
\$11,200,000	\$7,455,850	\$18,655,850	\$5,015,000	\$907,000	\$5,922,000

⁽¹⁾ Interest is estimated based on bond market conditions as of July 26, 2021, and market conditions are likely to change over time. The interest on the proposed bonds under Proposition A was calculated at a rate of 3.00% (which the District believes is a conservative estimate) based on market conditions as of July 26, 2021, and therefore, the interest payable on such proposed bonds may be less than, or more than, the amounts set forth above based on market conditions at the time of the initial sale of the proposed bonds to be authorized under Proposition A.

Based on the information and assumptions provided in the table above, the District estimates that there will be an increase of \$28.13 in the amount of annual taxes that would be imposed on a residence homestead in the District with a taxable appraised value of \$100,000 (taking into account the State mandated homestead exemption) to repay the proposed bonds to be authorized under Proposition A, if those bonds are approved. That estimate assumes (i) the bonds issued under Proposition A will be issued in calendar year 2022, (ii) that the bonds that may be approved under Proposition A would be sold with an annual amortization that does not exceed 30 years, (iii) no growth of District's taxable assessed valuation and (iv) an interest rate that does not exceed 3.00%.

The information provided in this Document is to comply with Section 1251.052(b), Texas Government Code, which requires a voter information document for each proposition to be submitted to the voters. Reference is made to the Voter Information Document for the District's Proposition B, which follows this Document, for additional information pertaining to other potential new debt of the District.

Proposition B**

Ballot Information: At the election, the following language will appear on the ballot:

HOOKS INDEPENDENT SCHOOL DISTRICT SPECIAL ELECTION
HOOKS INDEPENDENT SCHOOL DISTRICT PROPOSITION B

FOR _____) THE ISSUANCE OF \$1,300,000 OF BONDS BY THE HOOKS
 _____) INDEPENDENT SCHOOL DISTRICT FOR THE PURPOSE OF
 AGAINST _____) CONSTRUCTING AND EQUIPPING AN INDOOR PRACTICE
 _____) FACILITY AND LEVYING TAXES IN PAYMENT THEREOF.

Estimated Debt Service Information:

The following table sets forth the estimated principal amount of, and interest due to maturity on, the bonds to be issued if Proposition B passes, and all existing outstanding obligations of the District secured by and payable from ad valorem taxes.

Principal Amount of Bonds to be authorized under Proposition B	Estimated interest for Bonds to be authorized under Proposition B ⁽¹⁾	Estimated combined principal and interest required to pay on time and in full the Bonds to be authorized under Proposition B ⁽¹⁾	Principal of District's Existing Outstanding Debt (as of 7/26/21)	Remaining interest on District's Existing Outstanding Debt (as of 7/26/21)	Combined Principal and Interest to timely pay District's Existing Outstanding Debt (as of 7/26/21)
\$1,300,000	\$850,850	\$2,150,850	\$5,015,000	\$907,000	\$5,922,000

⁽¹⁾ Interest is estimated based on bond market conditions as of July 26, 2021, and market conditions are likely to change over time. The interest on the proposed bonds under Proposition B was calculated at a rate of 3.00% (which the District believes is a conservative estimate) based on market conditions as of July 26, 2021, and therefore, the interest payable on such proposed bonds may be less than, or more than, the amounts set forth above based on market conditions at the time of the initial sale of the proposed bonds to be authorized under Proposition B.

Based on the information and assumptions provided in the table above, the District estimates that there will be an increase of \$3.75 in the amount of annual taxes that would be imposed on a residence homestead in the District with a taxable appraised value of \$100,000 (taking into account

the State mandated homestead exemption) to repay the proposed bonds to be authorized under Proposition A, if those bonds are approved. That estimate assumes (i) the bonds issued under Proposition B will be issued in calendar year 2022, (ii) that the bonds that may be approved under Proposition B would be sold with an annual amortization that does not exceed 30 years, (iii) no growth of District's taxable assessed valuation and (iv) an interest rate that does not exceed 3.00%.

The information provided in this Document is to comply with Section 1251.052(b), Texas Government Code, which requires a voter information document for each proposition to be submitted to the voters. Reference is made to the Voter Information Document for the District's Proposition A, which precedes this Document, for additional information pertaining to other potential new debt of the District.
